

Are you an experienced machinist/engine assembler?

UMR Engines has a full-time position available for you!

You will have experience in:

- Machining - bore and honing, milling block decks, con rod restoration, etc.
- Using a Sunnen rod hone, semi-automatic hydraulic cylinder hone, and Rottler air float boring bar is an advantage.
- All reconditioning processes.
- Reconditioning and rebuilding all makes and models of passenger cars with petrol and diesel engines.

Selected training will be available to the successful applicant, along with complete access to UMR Engines air-conditioned engine assembly room. Potential weekly performance bonuses (once the probation period is complete), short working day each Friday, and above award remuneration.

UMR Engines is a small, second generation, family owned business. It is our mission to ensure both our customers and staff members are our priority, receiving the very best communication, appreciation and understanding.

Are you the right candidate? Please send your resume and cover letter to [umrtaila@gmail.com](mailto:umrtaila@gmail.com) and [umrgrant@gmail.com](mailto:umrgrant@gmail.com).

If you require further information, please contact our workshop on 07 3208 0017.
